IFEX PHILIPPINES 2018

IFEX Philippines is the country's biggest international trade exhibition on the Philippines' and Asia's ethnic and specialty food, tropical fruits, vegetables, seafood, beverages, bakery and confectionery products, meat and poultry, Halal-certified products, as well as natural, organic, and healthy food products.

The three-day event is reputed as the premier business-to-business platform for local and international food companies to discover new markets, launch new products, and transact with the world's biggest buyers.

IFEX Philippines 2018 is organized by the Center for International Trade Expositions and Mission (CITEM), the export promotion arm of the Department of Trade and Industry (DTI), co-presented with the Department of Agriculture (DA), through the Bureau of Fisheries and Aquatic Resources (BFAR) and Agribusiness and Marketing Assistance Service (AMAS).

THE PHILIPPINES AND ITS FOOD INDUSTRY

The Philippines has established itself as one of the world's most robust and promising markets.

Since 2010, the Philippines has been one of the fastest-rising global economies. In 2017, the country grew by 6.7 percent and secured its position as the third-fastest growing economy among Asian countries.

According to the World Bank, the Philippines will continue to become the fastest-growing economy in the Association of Southeast Asian Nations (ASEAN), projecting its gross domestic product (GDP) to grow by 6.7 percent in 2018 and 2019.

A backbone of this breakthrough is the country's manufacturing industry, contributing nearly more than 20 percent of the country's annual GDP. One of its primary sectors is food, accounting for nearly half of the country's total manufacturing output. As of 2017, the Philippines' food manufacturing growth remains among the fastest in Southeast Asia. Labor productivity also recorded a significant increase of as high as six percent in 2015.

Its strong manufacturing industry paves the way for better prospects in the Philippines' food and beverage (F&B) sector, reaching a total output of 1.47 trillion pesos in 2014.

Another economic driver is the surge of micro, small and medium enterprises (MSMEs) that are becoming more globally competitive in exploring new market innovations, technologies, and products. As of 2016, PSA reported that the Philippines has 911,768 MSMEs, taking up 99.57 percent of the total number of business in the country.

As one of the priority sectors under the current Philippine government, more capability-building initiatives are expected to help

small businesses level up and be on par with global standards—allowing Philippines to increase export potential due to its strategic location and membership in various free trade agreements with the Association of Southeast Asian Nations (ASEAN), European Union (EU), Japan and other countries.

This is in addition to the Philippines' reputation as a top global exporter of premium fruits and other agri-commodities, including banana, cacao, coconut, coffee, mango, pineapple, and tuna. The Philippines has also signed up as a full member of the International Halal Accreditation Forum (IHAF) in its bid to further elevate its stake in the global halal market.

Such conducive market environment and abundance of high-demand goods allow exports to thrive. In 2017, the Philippine Statistics Authority (PSA) reported that the country's merchandise exports grew by 11.68 percent in the first 10 months of the year. Total export sales during the period reached \$53.11 billion, compared to \$47.55 billion in 2016.

This growth trend continues to attract key players and decision makers from the international food market to source from the Philippines. In IFEX Philippines, international fly-in program brings buyers to the show from countries across the globe, including United States, Japan, Singapore, China, United Arab Emirates, South Korea, Malaysia, Australia, Taiwan and Canada. Top global buyers include Sysco, Carrefour, Takashimaya, Gandamar, Woolworths, Lulu Supermarkets, Met Foodmarkets, Emke Group, Americana, and E-mart among others.

Take advantage of this development in IFEX Philippines—the country's biggest international trade show for food and ingredients.

SHOW RULES

REGISTER

On-site registration is mandatory
for all visitors and trade buyers.

WEAR YOUR ID

A “No ID, No Entry” policy will be enforced during the three-day show. Issued IFEX Philippines ID badges should be worn at all times inside the exhibition halls. IDs are non-transferrable and must be surrendered upon request of the show secretariat/security personnel.

OBSERVE RULES ON TAKING PHOTOS

Taking photographs is allowed with
prior clearance and consent of the
exhibitors concerned.

WEAR PROPER ATTIRE

IFEX Philippines does not implement any
dress codes but business attire is encouraged
among trade guests.

FOLLOW THE NO CHILD POLICY

Guests below 12 years of age are strictly prohibited
inside the exhibit area but may stay at the Kids'
Activity Station in the World Trade Center lobby. Only
infants and toddlers in carriers and strollers will be
permitted inside the halls.

Featuring “The Best of the Seas”

Starting 2018, IFEX Philippines will be held annually to give more opportunities for international and local companies to tap the rising global demand for premium and quality food products in different regions across the globe, including North and South America, Europe, East Asia, Middle East, Southeast Asia, Australia and many more.

Marking its relaunch as an annual event, IFEX Philippines will make waves in the overseas market as it gives special highlight to the country's finest seafood products to fulfill the growing global demand for marine product and coastal cuisines.

PHILIPPINE SEAFOOD INDUSTRY AND MAJOR COMMODITIES

According to the Food and Agriculture Organization (FAO), the Philippines ranked 8th among the top fish-producing countries in the world with its total production of 4.7 million metric tons of fish, crustaceans, mollusks, and aquatic plants (including seaweeds) in 2014. The production constitutes 2.4 percent of the total world production of 195.7 million metric tons.

The Philippines' 0.788 million metric tons of aquaculture production of fish, crustaceans and mollusks in 2014 ranked 11th in the world and a 1.07 percent share to the total global aquaculture production of 73.8 million metric tons. In terms of value, the country's aquaculture production of fish, crustaceans and mollusks amounted to over 1.17 billion dollars.

Similarly, the Philippines is the world's 3rd largest producer of aquatic plants (including seaweeds) having produced a total of 1.55 million metric tons or nearly 5.67 percent of the total world production of 27.31 million metric.

In terms of commodities, tuna remained as the top seafood export with a collective volume of 103,543 MT for fresh/chilled/frozen, smoked/dried, and canned tuna products valued at US\$283 million in 2016. Major markets for this commodity include USA, Japan and United Kingdom.

Seaweeds came second on export value with US\$198 million in 2015 or 21 percent share to the total export earnings for that year. Carrageenan remains the major product being shipped abroad comprising 96 percent of the total seaweed export value in pesos. USA, China and France are among the major markets for Philippine seaweed products.

Shrimps and prawns ranked third with a total contribution of US\$51 million to the total export value in 2016. Most of the shrimps/prawns are exported in fresh/chilled/frozen form with a total value of US\$47 million or 92 percent of the total shrimp/prawn export revenue. Japan, USA and France are among the major export destinations of shrimp/prawn products.

Other major fishery exports including crabs/ crab fats, octopus, lapu-lapu, cuttlefish/squid, ornamental fish, round scad and sea cucumber constitute 22 percent or US\$ 208 million of the total US\$ 950 million export revenues.

Among the major destinations of Philippine fish and fishery product exports (in terms of value) with percentage shares are USA, 9%; Japan, 6.5%; Germany, 2%; Hong Kong, 2.4%; UK, 1.9%; Spain, 1.4%; South Korea, 0.9%; Taiwan (ROC) 1.8%; Netherlands, 0.6%; and China, 2.4%, among others.

At the regional level, the Autonomous Region for Muslim Mindanao (ARMM) registered the highest production among all regions with its 18.9 percent or 824,315 metric tons share to the total fisheries production where seaweed was the major commodity produced, followed by Region IV-B (MIMAROPA) with a 12.8 percent share or 555,367 metric tons. Region IX recorded an output of 482,791 metric tons or 11.1 percent of the total fisheries production.

**Figures are based on DA-BFAR's 2016 Philippine Fisheries Profile.*

GALLERIES OF FLAVORS

FOOD PHILIPPINES HALL

The premier venue for the country's top and emerging food export companies to promote Philippine food products and strengthen links with buyers, importers, and retailers in the global market.

INTERNATIONAL HALL

A highlight of the top non-marine products and services from the leading companies and manufacturers around the world.

FOOD ARTISANS HALL

A dynamic showcase of the finest fresh and processed agricultural commodities from the bountiful terrain and coastal waters of the different regions across the Philippines presented by the Department of Agriculture (DA), through the Bureau of Fisheries and Aquatic Resources (BFAR) and the Agribusiness and Marketing Assistance Service (AMAS).

THE MARKETPLACE

A one-stop retail shop for premium food products ranging from fruits and vegetables to meat and poultry, seafood products, processed foods, homemade regional delicacies, as well as personal care and wellness products and allied services.

ISLAND PAVILION

A curated regional exhibit of the Visayas and Mindanao islands presenting the export food products locally caught in the pristine waters in the various fishing communities across the

Philippine regions in partnership with homegrown companies, the Mindanao Development Authority (MinDa), local government units (LGUs) and DTI regional offices nationwide.

MINDANAO PAVILION

Known as the “Food Basket of the Philippines,” Mindanao is a major supplier of the country’s high-value crops, marine products and other agri-commodities producing 80 percent of bananas and coffees, 60 percent of coconuts, and half of corns and seaweeds in the country’s total production, just to name a few—making it a significant yet underappreciated sourcing region in the local and international market.

To discover more from Mindanao, IFEX Philippines presents a highly thematic exhibit of the top products and brands from all the six regions in Mindanao as part of efforts to promote the heirloom flavors and distinct products in the Southern region of the Philippines, in collaboration with the Mindanao Development Authority (MinDa), the Department of Trade and Industry (DTI) and the Department of Agriculture (DA) regional offices, and local government offices in Mindanao.

Culminating the Pavilion’s narrative is the story of Maranaos, which literally translates to “The People of the Lake.” This communal exhibit will depict the lifestyle and significant role of Maranaos in uplifting Mindanao’s socio-economic and cultural heritage in a curated presentation of their colorful textiles, exotic metalwork, woodcraft and distinct architecture, which highlights their sheer creativity, ardor for aesthetics and reputation for being peace-loving master tradesmen.

VISAYAS PAVILION

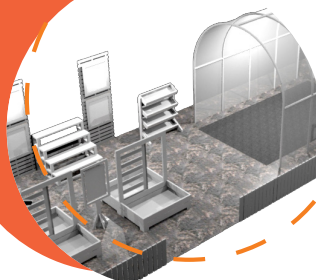

Known as the country’s historical cradle, Visayas is known for its world-class surrounding pristine water bodies, diverse marine life, arable lands and sociocultural heritage. The island region is a place of origin for many exquisite flavors, distinct delicacies and flamboyant festivities in the Philippines.

To give a deeper appreciation of the Visayas’ abundance, IFEX Philippines presents a curated exhibit of its selected high-demand commodities from the provinces of Cebu and Negros Occidental in partnership with the provincial government of Negros Occidental and Department of Trade and Industry (DTI) Region VII-Central Visayas. These products include different varieties of seafood, dried and processed fruits, noodles, sweets, native healthy and organic options, among other delicacies.

THE GARDEN: ORIGIN OF FLAVORS

Presented by East-West Seed, this exhibit unveils the farm-to-table story behind the healthy and nutritious vegetables and other crops that we eat everyday—its journey down from its thorough seed development, farm cultivation, and market distribution up to on our plates—giving us a full understanding and appreciation on how a good seed can change the lives of millions.

SEAFOOD INNOVATION HUB

The Philippines’ Department of Science and Technology (DOST) showcases the innovative processing and packaging presentation of the country’s distinct seafood products developed under the Food Innovation Centers (FICs) nationwide.

The FICs were established across the country as a support to local micro, small and medium enterprises (MSMEs) to help them move up to the value chain and boost their productivity towards global competitiveness.

EXCITING ACTIVITIES

TASTE PHILIPPINES BY FCAP

IFEX Philippines collaborates with the Food Caterers Association of the Philippines (FCAP) to serve iconic dishes and heirloom delicacies rooted from the rich artisanal and culinary tradition of the Philippines.

TASTE PHILIPPINES offers a gustatory fete of food fusions and concoctions that had evolved from the unique lifestyle and preference in different Philippine provinces, such as Ilocos, Batangas, Negros and many more.

FOOD EXPORT AND INVESTMENT SEMINARS

Your source of new ideas and updates on the latest food regulations and certifications requirements, trends, and innovations in the industry, as well as the interventions provided by the government to help grow local businesses.

IFEX KITCHEN: SUMMIT OF FLAVORS

A series of curated cooking demonstrations of the selected local heirloom flavors and culinary traditions at the hands of celebrated chefs across the Philippines.

In line with the theme "Best of the Seas," IFEX Kitchen: Summit of Flavors will present an exquisite culinary journey to the Philippines' most iconic and distinct regional seafood recipes that embody the country's rich culinary heritage, fusion ideas, and latest food trends.

IFEX CONNECT

IFEX Philippines welcome buyers and visitors to explore business opportunities with trade exhibitors through the IFEX Philippines Connect, a customized platform for integrated business matching services dedicated to help you identify and screen potential business partners in collaboration with the Export Marketing Bureau (EMB).

LUXE ESCAPE

ORGANIZERS

The **Department of Trade and Industry (DTI)** is the primary coordinative, promotive, facilitative, and regulatory arm of the Philippine Government with the country's trade, industry, and investment activities.

It is responsible for realizing the country's goal of globally competitive and innovative industry and services sector that contribute to inclusive growth and employment generation. It is committed to effect good governance by delivering public service that is predictable, participatory, accountable, efficient, transparent, and honest.

Ramon M. Lopez, Secretary

Nora K. Terrado, Undersecretary

361 Trade and Industry Building, Sen. Gil J. Puyat Avenue

Makati City, Metro Manila, Philippines

(+632) 751.0384

(+632) 895.6487

www.dti.gov.ph

The **Center for International Trade Expositions and Missions (CITEM)** is the export promotion arm of the Department of Trade and Industry (DTI). CITEM is committed to develop and nurture globally competitive micro, small and medium scale enterprises (SMEs), exporters, designers through the implementation of an integrated Approach to Export Promotion in partnership with other government and private entities.

Maria Lourdes D. Mediran, Deputy Executive Director

Golden Shell Pavilion, Roxas Boulevard corner Gil Puyat Avenue

Pasay City, Metro Manila, Philippines

(+632) 831.2201 - 09

(+632) 832.3865 or 834.0177 - 78

www.citem.com.ph

CO-ORGANIZERS

The **Department of Agriculture** is the Philippine government's principal agency responsible for the promotion and development of agriculture and fisheries, through a policy framework directing public investments and services to make them and agri-based enterprises profitable.

Manny Piñol, Secretary

Elliptical Road, Diliman, Quezon City, Philippines 1100

(+632) 928.8762 - 65

The **Department of Agriculture-Agribusiness Marketing Assistance Service (DA-AMAS)** plays a critical role in the implementation of the Agriculture and Fisheries Modernization Act (AFMA) of 1997, created to make the agriculture and fisheries sectors more profitable and globally competitive. With the advent of the AFMA, DA-AMAS facilitates the development of small and medium enterprises (SMEs) in urban and rural areas.

Andrew B. Villacorta, Asst. Secretary

DA Building, Elliptical Road 1101 Diliman Quezon City, Metro Manila Philippines

(+632) 920.2316

amas@da.gov.ph

www.da.gov.ph

The **Bureau of Fisheries and Aquatic Resources (BFAR)** is the government agency responsible for the development, improvement, management and conservation of the country's fisheries and aquatic resources. It was reconstituted as a line bureau by virtue of Republic Act No. 8550 (Philippine Fisheries Code of 1998). The bureau is under the Department of Agriculture.

Commodore Eduardo B. Gongona, Undersecretary

3rd Floor, PCA Building, Elliptical Rd., Diliman, Quezon City, Metro Manila Philippines
